BENJAMIN HARRISON
OF INDIANA.FOR VICE-PRESIDENT
LEVI P. MORTON,
OF NEW YORK.

THE FRIEND OF CHINA.

The San Francisco Chronicle says:

Since the administration organs insist on erasing the main issue of the present campaign and in ringing the changes on the Chinese question, it is only right that they should take a little of their own medicine. The Democratic party is now posing as the only genuine, original anti-Chinese party. Let us see how Grover Cleveland's record stands on that question, not only as to what he has done, but what he has said.

In the Spring of 1885, just after Cleveland's inauguration, it was generally understood that he was to give the Ministry to China to a Californian, and the offer was made to our townsman Samuel M. Wilson, who declined it. No sooner was this known than such Mugwump papers as the New York Herald, the Evening Post and the Nation opened fire on the President for offering the appointment to any Californian, on the ground that the sentiment here was all one way, namely, anti-Chinese, and that such sentiment was not in harmony with Democratic ideas. About this time two prominent Democrats of this State, W. T. Wallace and Frank McCoppin, went to Washington and were in consultation with the President, and in a short time California was thunder-broke at knowing that both these gentlemen had written to the President advising him not to appoint a Californian as Minister to China. But these letters did not deceive any one here, as it was entirely obvious that they had been inspired by the President himself. In other words, Mr. Cleveland had yielded to the demands of the Eastern press, had decided not to appoint a Californian because, whoever he might be, his sentiments would be opposed to Chinese immigration, and then to fortify himself, had whipped Wallace and McCoppin into the traces and induced them to write him letters seeming to approve his course. This is now asserted to be and to have always been anti-Chinese; the President who would not appoint a Californian because his opinions were known, but who evaded Dunby from his obscurity and sent him to represent the United States in China because he had no opinions, or if he had any, they were pro Chinese.

That is one of the things that he did. Now let us see what he said.

In his message to Congress of December 6, 1885, he said, after speaking in a very exaggerated way of the Chinese trouble in Wyoming and on the Pacific Coast:

"Race prejudice is the chief factor in originating these disturbances, and it exists in a large part of our domain, jeopardizing our domestic peace and the good relationship we strive to maintain with China."

Let the all but unanimous vote of California upon the question of Chinese immigration answer this impudent assertion that at the bottom of the antagonism to Chinese was "race prejudice." What kind of an American is he who could ignore the economic features of the struggle to overlook the all-important industrial question, and publicly and complacently declare that all the trouble grew out of "race prejudice"? If there were any "race prejudice" it was prejudice on the part of Cleveland, and such as he in favor of the Chinese, and not a race prejudice on the part of the laboring men and women of California against a non-assimilative, pauper-like element which was crowding to our shores.

But let us look a little farther. General Harrison has been abused and maligned because he cast certain votes, believing that to do otherwise would be in conflict with treaty obligations with China. Such a reason as this, which is a good and valid reason for the action of a Senator living up to his oath of office, is flouted and jested at by the Democratic press, which impliedly insists that he should have disregarded the treaty stipulations altogether. That is, we apprehend, a question which a Senator must determine for himself; but however that may be, General Harrison in that regard occupied precisely the same position as President Cleveland; for, in the same message of 1885, speaking of restriction laws, the President said:

"If existing laws are inadequate to compass the end in view, I shall be prepared to give earnest consideration to any further remedial measures within the treaty limits" which the wisdom of Congress may devise."

Remember that this was not a mere Senator voting on a pending bill, but the President of the United States declaring to the nation in the most public manner what his policy would be. He deemed himself bound by the treaty limits; why, then, should a Senator overstep them?

The simple truth is that on every possible occasion the present Administration has proved itself the friend of China and opposed to the California view of the question. If any proof were needed, take the refusal of the House on Monday to take up the Exclusion bill for which Belmont and Morrow are working. A bare hint from the Democratic dictator would have sufficed to put the bill on its passage, but no such hint came. Why not? Because Cleveland

knows that the bill, if passed, would stop up the gap which the treaty has left, and because he values the friendship of Chang Yen Hoon more highly than he does that of the Pacific Coast. When Californians are looking around for their friends to China let them bear these things in mind.

A Lucky Stroke.

NEW YORK, July 31.—G. R. Carter, who was starboard stroke in the winning Yale boat at New London on Friday, was presented by his father with a check for \$2,450 immediately after the race. The father promised to give his son \$100 for every boat length the Yale was ahead of Harvard at the finish. Yale had twenty-four and one-half lengths on her old rival. Young Carter comes from Honolulu, Sandwich Islands, and is chosen Captain of the Yale crew for 1889.

Death of Judge O. P. Sudger.

NORTH SAN JUAN, July 2nd.—Judge O. P. Sudger, an old pioneer, who came to this State from Ohio in 1849, died at this place at 7 o'clock this morning of heart disease. He had been confined to his room for five weeks. Until yesterday he was improving, when he took a relapse. He was editor of the San Juan Times, a prominent man here, and a staunch Republican. His death casts a heavy gloom here. The funeral takes place at 10 o'clock on Wednesday.

At Buffalo, N. Y., a septuagenarian Republican campaign club has been formed with Hon. Lewis F. Allen, uncle of Cleveland, as President. The qualification for membership is having cast a vote for William H. Harrison in 1840. These old timers, who have not forgotten old Tippecanoe will rally, and their influence will be felt in the fight for his grandson.

During the past six months 231,000 immigrants have landed at Castle Garden. This beats the record for the same period last year by 25,000. Thirty-eight thousand Italians arrived this year.

BREVITIES

Don't forget the Firemen's ball to-night.

D. O. Mills sailed for Europe on the Fourth.

Reno's "Mascot" was on the streets yesterday.

Wm. Price, of Ophir, was in town yesterday.

Swimming is now the rage with the youths of Reno.

The Fourth of July was the warmest day of the season.

Miss Frances Foley, of Stockton, is visiting Miss May McLaughlin, of the Convent.

H. A. Mason, proprietor of the Truckee Republican, is trying to buy out the Carson Index-Union plant.

The Elko Independent entered upon a new volume (XXVI) last Monday. The Journal wishes it a successful future.

The Fourth in Reno passed off very quietly, a great many of her inhabitants going to Carson and Virginia to spend the day.

Grant Wilson has arrived in San Francisco from the Sandwich Islands, and will probably be in Reno before many days.

Nettie Budd left for her home in Encke Wednesday night. This young lady is a member of the Class of '89 in Mt. St. Mary's Academy.

Senator Stewart offered an amendment to theundry Civil Appropriation bill Monday for the election of a \$60,000 public building at Reno, Nev.

The Wallick "Bandit King" Company, with its trained horses, will be quite a novelty at McKissick's Opera House next Monday evening.

Twenty bars of Gen. Cal. & Virginia built, valued at \$95,000, were shipped below Monday evening. This brings the total shipment on June account up to \$310,000.

John Meade, amused himself with driving a team through the streets at break-neck speed on the Fourth. He was arrested, and yesterday morning was fined \$15 by Justice Young.

Bob Parry acted as one of the aids at the Virginia City celebration on the Fourth, and is now taking his meals standing up. Bob says he was considered a good horseman at home.

Herbert Coffin, who has for a long time been railroad telegraph operator in Gold Hill, has been given charge of the Western Union's business of that town. A promotion that pleases everybody who knows Herb.

The members of the Reno Guard, Fire Company, the brassband and everybody else speak in the highest terms of their treatment in Virginia City on the Fourth. The Comstock people never do things by halves.

Representative Thompson, of California, has secured daily mail service from Truckee to Sierraville. He has also secured an increase of mail service on the route between Redding and Baird from three to six times per week.

Jas. Stanaway, of Milton, California, pleasantly surprised his sons Sam and Jim, by unexpectedly dropping in on them Wednesday for a few weeks' visit. The old gentleman is eighty-two years old, but still hale and hearty.

The following dispatch was received last night from John Piper in regard to Mrs. Bowers who played "Queen Elizabeth" in Virginia City last night: "Great enthusiasm over Mrs. Bowers in 'Queen Elizabeth' to-night. Entire house sold."

Senator Stewart called on the Postmaster-General Tuesday to join in the recommendation that the Postoffice should remain where it is in Ogden, Utah, but after consulting with the Postmaster-General he is apprehensive that the change will be made, notwithstanding the protests filed.

RENO TO THE RESCUE.—The Virginia Esterprise of Wednesday says the people of Reno have this year stood in as friends to the Comstock folks on the celebration of the National holiday. The papers at the Riverside town tell as that several hundred persons from their place will to-day participate with us in our parade and other exercises. Comstockers will remember this feeling of friendliness when the Renoites open forth for a big show on the occasion of the State Fair.

DOCKSTADER'S MINSTRELS.—M. W. Tobie, manager of Dockstader's Minstrel Company, spent the Fourth in Reno, and has arranged for a one night engagement on Wednesday, July 11th. The minstrels are accompanied by a splendid orchestra of ten instruments. Dick Jose, Billy Rice and Billy Sweetnam are among the stars in the company, who are favorites here.

THE COMING EVENT.

Dickie Jose and Dockstader's Minstrels Next Wednesday Night.

The long-looked-for date when Dockstader's Minstrels would give a performance in Reno and when Dickie Jose's numerous friends would be able to hear his sweet and familiar voice again, is rapidly approaching—Wednesday, July 11th—and will undoubtedly be the cause of crowding McKissick's Opera House. Of this company's performance in the Bush-street Theater, San Francisco, the Bulletin says:

Notwithstanding the fact that last night was the opening night at every theater in town, every lover of mirth, music and minstrelsy who could by any possibility gain an entrance into this house was there, and many were turned away from the door unable to find even standing room. Those who were so fortunate as to be on the inside were treated to three hours pure, unalloyed fun, and were not permitted to straighten their faces between laughs. Lew Dockstader is the worthy head of this splendid aggregation of minstrel talent, it being the pick of the profession, and having gone back to simon-pure minstrelsy, giving quality rather than quantity, their excellence not being judged according to the number of second-class end-men it is possible to crowd upon the ends, but each and every man being a star in his particular sphere. The welcome accorded the various members of the troupe, Billy Sweetnam, Billy Rice, Dockstader, Frillman, Moreland and others, all being old favorites, was such as only Californians can give. Upon the appearance of each the applause was so long and spontaneous that the players were compelled to call a halt in order to proceed with the performance. In the opening the inimitable Billy Rice and Barry Maxwell had the ends and started the mirth flowing and were followed in the second part by Dockstader and Sweetnam, who permitted to cessation of the fun. Dockstader's opening song, "I Doubt if It Ever Occurs," immediately established him as a favorite, while Sweetnam with his dipleries sustained his well-earned reputation. The songs of John H. Davis, "The Sailor Boy's Return," "The Song of R. J. Jose," "The Song that Reached My Heart," and Frillman's "The Arrow and the Song," were very sweetly sung and heartily appreciated. The olio was especially good, the song and dance team being neat, graceful and musical. Dockstader in his "Misfits" kept the audience roaring. Leopold and Bannell in "Fun and Harmony" were exceptionally good. Leopold with his stuffed trained dog gave such an impetus to the fun that one's sides were sore; also Perry and McGrew in their bull-dog prize fight. The entertainment closed with the laughable burlesque of "Our Minnie," in which the entire company appeared. The minstrels like the circus, when perennial, is ever new, and that this house will be crowded during the entire engagement goes without saying. There will be a matinee Wednesday and Saturday.

MRS. D. P. BOWERS.

Her Personation of "Queen Elizabeth" To-night.

This evening the above noted tragedienne will appear in "Queen Elizabeth," and her past great name as an emotional star actress will undoubtedly cause the opera house to be crowded, notwithstanding the extra 50 cents tacked on to the price of admission. She is supported by a strong company, among whom is E. J. Buckley, so well and favorably known on this coast. The Chronicle says of the performance in Virginia City on last Monday evening:

Compared with the superb art of Mrs. Bowers in "Queen Elizabeth" last evening, the most emotional star actresses of the age shine as dimly as the light of a tallow candle held in the blaze of the sun at noonday.

The imperious daughter of Henry VIII in the zenith of her fame and power never invested the person of sovereignty with the regal dignity and splendor the great actress imparts to it. In Elizabeth Mrs. Bowers has attained the perfection of art. No actress with a like of her ability has graced the Comstock stage since her former visit here.

The support is excellent. Mr. E. J. Buckley, in the valorous Earl of Essex, was admirable in the scene where he flings his gauntlet at his rivals in the Queen's favor. Messrs. James Carden, Wilson Deal, Miss Fulton, Mrs. Charles Edmunds and Miss Nellie Buckley are all deserving of special mention.

HIGH PRICES.—Theatrical managers will have to recognize the fact that Reno will not stand advanced prices for even star actors. There is no town on the coast with the same population, that has been or is a better patron of theater, and no town of the size west of the Rocky Mountains, has fairer theatrical accommodations, and few places even larger, put with as much money for this source of amusement. There is no company that can afford to stop here, that can demand more than the popular prices, and play to anything like a full house. That the citizens can enjoy cheap amusements was demonstrated by the patronage the Wilber Company had last week. Each night's performance was greeted with a full house. The troops that demand a dollar and a half are making a mistake, and will, if they hold to their prices, have to play to many empty seats. It is not only justice to Manager Piper, but to the citizens of Reno, that prices should be within the reach of the many. The Journal speaks knowingly when it says that many of our best citizens will refuse to patronize any entertainment where the extra half dollar is tagged on to the usual price for reserved seats.

THE FOURTH OF JULY.

How It Was Spent in This Part of the State

The Fourth of July was appropriately celebrated by the whole of the western part of the State. While Reno did not celebrate at home she contributed her part to swell the crowd in Carson and Virginia. Six carloads of people left here on a special train on Fourth of July morning, about 200 of which stopped off at Carson to attend the Odd Fellows' picnic held in Trendway's Park. The balance continued on to the Comstock, and included McKissick's Opera Band, the Reno Guard, over 30 strong, and a small delegation from our Fire Department. The picnic given by the Odd Fellows of Storey county was the largest held in this section since the bonanza days of the Comstock, 13 car-loads attending from Virginia, fully 1,000 people being on the ground at one time, and coming and going all day.

The procession and exercises at Virginia City were a grand success, the former being one of the best that has paraded the streets of the mountain city for many years, and the oration of Captain R. H. Lindsay was one of his best efforts, overflowing with patriotism and eloquence.

Those of Reno who did not feel like enjoying the Nation's birthday at the Capital or on the Comstock, enjoyed it by private picnics held in different parts of the county. One four-horse coachload spent the day at Morrill's Grove, near Verdi; another party went to Steamboat, and still another picnicked at Poor's ranch, and others tried to keep cool in numerous shaded places about town. Altogether Reno was pretty well deserted during the day.

DUNNING POSTAL CARDS.

They Will Hereafter be Treated the Same as Obsolete Matter

The Postmaster-General has notified all Postmasters of the passage of a law to prohibit the use of postal cards through the mails conveying the information, printed or written, that the person addressed is a bad debtor. The law was devised to reach a certain class of collectors who have been in the habit of addressing postal to debtors with the words "bad debt" printed thereon in large letters.

Postmasters are notified that under this Act such matter will be treated precisely as obsolete matter is treated under the provisions of Section 380, Postal Laws and Regulations. Any postcard or any other matter upon the envelope or outside cover of which appears anything which reflects injuriously upon the person addressed, or anyone else, or upon his character or conduct, or is plainly calculated and intended to injure his feelings or reputation, or bring him into discredit, or which threatens him, will be excluded.

Anything in the nature of an offensive or threatening document upon an envelope, outside cover or postal card, or conveying the suggestion that such document is enclosed, will be excluded as non-mailable under this Act. The attention of Postmasters is called, in this connection, to Sections 381 and 527 of the Postal Laws and regulations as applicable. As to mailability, the Postmaster, if he deems any case doubtful, will submit it to the Department for decision.

IN THE NEW EDEN.—The Independent of last Saturday tells of a ranch at Alford on which is a very heavy crop of wheat, oats and barley, in all over 300 acres. This is the only place where farming has been done on the east side of the river for a distance of 50 miles, and is of great interest, as proving what the soil is capable of. The Independent says this grain crop is as fine as ever came out of the ground, and says "the news will greatly interest the people of Virginia City, Reno and Carson," many of whom have invested in lands to the eastward of the canal.

RUNAWAY.—Fourth of July evening a horse and buggy, seemingly on the runaway flew down through Chinatown and up over the raise caused by the filling in for the V. & T. R. R. bridge. The horse landing in the ditch about fifteen feet below. The horse was rescued from his unpleasant predicament by chopping the flame away. John Pothoff, the proprietor of the rig, says that he rented it to Golden, Sunderland's shoemaker, but he could not be found anywhere after the accident.

PERSONAL.—John R. Kittrell, formerly one of the best criminal lawyers in Nevada, but now District Attorney of Shoshone county, Cal., was in town yesterday, en route to Independence, Inyo county, Cal., to defend "Rough" Elliott for the killing of White at that place some time ago, which will commence to-morrow.

THE "FRIEND OF LABOR."

How Cleveland Keeps Up the Salaries of Government Employees

The Carson Appeal, of Tuesday, says: A letter has been received at the Mint from the Department at Washington to the effect that salaries must be reduced. The idea is to have the watchmen paid \$2 50 a day and all wages to be reduced correspondingly.

Superintendent Garrard is considerably troubled to know what to do, as trustworthy, competent men cannot be secured at these ridiculous figures. The wages of Mint employees at San Francisco were cut down long ago, and the pay of those employed in the Navy Yards have also felt the knife along with the rest. Yet while this nonsensical economy is going on and the surplus is growing, the Democratic organs are filled with the boast that the Democratic Administration is the "great friend of labor."

Bringing Gladness

To millions, pleasing their palates and cleansing their systems, acrossing their Livers, Kidneys, Stomachs, and bowels to a healthy activity. Such is the mission of the famous California liquid fruit remedy, Syrup of Figs. Sold by Wm Pinniger, Reno.

An Explanation.

What is this "nervous trouble" with which so many seem now to be afflicted? If you will remember a few years ago the word malaria was comparatively unknown,—to-day it is as common as any word in the English language, yet this word covers only the meaning of another word used by our forefathers in times past. So it is with nervous diseases, as they and malaria are intended to cover what our grandfathers called biliousness, and all are caused by troubles that arise from a diseased condition of the liver which, in performing its functions, finding it cannot dispose of the bile through the ordinary channel is compelled to pass it off through the system, causing nervous troubles, Malaria, Bilious Fever, etc. You who are suffering can well appreciate a cure. We recommend Green's August Flower. Its cures are marvelous.

Advice to Mothers.

Are you disturbed at night and broken of your rest by a sick child suffering and crying with pain of cutting teeth? If so, send at once and get a bottle of Mrs. Winslow's Soothing Syrup for Children Teething. Its value is incalculable. It will relieve the poor little sufferer immediately. Depend upon it, mothers, there is no mistake about it. It cures dysentery and diarrhea, regulates the stomach and bowels, cures wind colic, softens the gums, reduces inflammation, and gives tone and energy to the whole system. Mrs. Winslow's Soothing Syrup for Children Teething is pleasant to the taste, and is the prescription of one of the oldest and best female nurses and physicians in the United States, and is for sale by all druggists throughout the world. Price 25 cents a bottle. feb. 21-aw f-ly

NEW ORLEANS, La.

I suffered with catarrh for many years and got so deaf that I went about my Museums, Circus and Theatre giving directions and doing business with a big ear-trumpet at the side of my head. It was very annoying to me and amusing to those who saw me. By the advice of physicians I sought the climate of the Sunny South. In six months I could see no change and was discouraged. At this time I began using Chalmer's English Catarrh Cure. In three months I felt a new man, in six months my hearing returned. I refused to give a testimonial at once for the English Catarrh Cure, as I feared it was not permanent. But a year and more has now passed, and I can now heartily indorse Chalmer's English Catarrh Cure for the cure of catarrh and deafness.

PLATFORM AND SOLUTIONS.
The Republicans of the State of Nevada in convention assembled again express their loyalty to the principles of the Republican party, which have made the country so great and prosperous during the last quarter of a century.
Resolved, That the question of a sufficient supply of a circulating medium to maintain a permanent range of the price of labor and property is the most important political question awaiting solution by the American people.
Resolved, That a diminishing quantity of money reduces the price of labor and property, increases the obligation of contract, enriches the creditor, impoverishes the debtor, and paralyzes industry and enterprise.
Resolved, That the present financial system of the United States, which increases or diminishes the circulating medium at the pleasure of the manipulators of the National bank, without regard to the increase of population or the wants of the people, and which recognizes gold alone as the standard of value, and places in the hands of the Treasury Department all the revenue of the Government to speculate with in bonds and loan to National banks without interest, is a perversion of the rights of the people, oppressive, unjust, and should be repudiated.
Resolved, That a financial policy whereby both gold and silver shall form the basis of circulation, whether the money used by the people be coin, or in certificates redeemable in coin, or be in as convenience may require, is imperatively demanded.
Resolved, That the attempt to substitute National bank notes, costing the Government millions of dollars annually, for free silver, costing not a cent, is an outrage upon the people; that the money ring or trust, which has usurped the sovereign power of the Government to issue money, and which has fraudulently debased silver and seized the revenues of the Government for private speculation, shocks the moral sense of the people and destroys respect for Government and law. We demand that this ring or trust be destroyed and equal rights restored to all people.
Resolved, That we charge that President Cleveland is the willing tool or agent of a powerful money ring which fattens the subsidies of the Government on the backs of the people, issues its paper currency at the expense of the Government, borrows the revenues raised by taxation, and uses them without the payment of interest, contracts the currency to enhance the value of bonds, and enriches the usurers while it depresses the price of labor and property.
Resolved, That we favor the nomination of no man for President who is personally interested in National banks or the bonded indebtedness of the United States, but we demand a candidate who is true to the principles of the people of the country—the poor as well as the rich.
Resolved, That the trickery of the President and his advisers by which he prevented a vote in the House of Representatives on the Beck silver amendment to the land purchasing bill, signals the venality of the Senate and fraudulent competition of silver in 1893.
Resolved, That we are in favor of the protection of home industry, and that the laborers of this country have a right to all the work required to supply the people of the United States, and that we are in favor of high wages in this country, and to that end will protect the wage-workers competition with the cheap labor of other lands.
Resolved, That the policy of the Government should be inaugurated and established by the people through their representatives in both Houses of Congress, and not by the President or the money trust, of which he, either as agent or head, is most active in defending.
Resolved, That we charge President Cleveland with violating every promise he made in favor of civil service reform, with crippling the mail services, with refusing to sign necessary bills for the improvement of rivers and harbors, with using the power of his Administration to prevent appropriations for a navy and coast defense, with attempting to destroy the protective tariff, with curtailing the good will of other nations at the expense of the citizens of the United States, and with joining the foreign bondholders to denounce our silver and destroy the industries of our country, and for the reduction of wages of the Mint employees at Carson for closing the Carson Mint when it was not only self-sustaining but a source of revenue to the Government, for the contemptuous veto of pension bills for the relief of disabled soldiers and sailors, and for failing to construct the Government building at Carson as required.
Resolved, That we are in favor of the absolute exclusion of Chinese, and the restriction of immigration, by the present condition of the country, and the labor market is made worse, and also favor legislation by which a revision of our naturalization and land laws may be accomplished.
Resolved, That we demand, in behalf of our various industries, the retention of the duties on lead, borax and silver, and leather, and to restore the tariff of 1887 on wool.
Resolved, That we recognize the right of labor to organize for its lawful protection.
Resolved, That we favor the submission by the Legislature to the people of an amendment to the Constitution giving the Legislature the power to regulate the liquor traffic.
Resolved, That we favor liberal appropriations by Congress for hydrographic and topographical surveys in this state to the end that the waste waters may be preserved for the purpose of irrigation.
Resolved, That we endorse the wise and conservative administration of Governor C. O. Stevenson, and we heartily commend the able efforts of Senators Stewart and Jones and Representative Woodburn in behalf of the interests of the people of this State.
Resolved, That we favor the granting to Nevada of all Government land within the State for the purpose of providing means for irrigation and other improvements.
Resolved, That we favor the reduction of the Treasury surplus by the payment of pensions to Union soldiers, their widows and orphans, the improvement of rivers and harbors, the erection of defenses for our sea-coasts, the erection of public buildings, the creation of a navy, the purchase of bonds and the repeal of the internal revenue laws taxing tobacco.
Resolved, That it is the duty of the State to maintain free non-sectarian schools in rural and sparsely settled districts as well as in towns and thickly settled sections, and that such a division of the school money should be made as will furnish the means of education to all children in the State.
Resolved, That we are in favor of re-opening the Carson Mint for coinage, and raising the wages of its employees to the standard paid by the last Republican Administration.
Resolved, That we demand the restoration of the mail service in this state to the money maintained by the last Republican Administration, and favor the payment of fair wages to all postal employees.

RENO

Has no equal in Nevada or California for salubrity of climate, wealth of soil, diversity of products and stability. Situated in the very heart of the celebrated Truckee Meadows the future of Reno is assured. Reno is the City of Homes. There is not a house to rent in Reno. New buildings are occupied as fast as erected. Reno has advantages which no other town can equal. The climate is mild and genial in Winter, and even and healthful in Summer. There are no excessively heated or severely cold terms, and while the days may be warm in Summer the nights are deliciously cool; in Winter sleigh-riding is the exception and not the rule.

Facilities for irrigating surpass any in the State, and there is no failure of crops. Reno has Churches of all denominations, Bishop Whitaker's School for Girls, Mt. St. Mary's Academy, the State University, and splendid Public Schools.

The Reno Water Co. furnishes ample pure, cold water for all purposes. The Reno Electric Light Co.'s electric light system, already well established, is being augmented. The Reno Gas Co. supplies gas for all purposes. The streets of Reno are lighted by electricity.

RENO

Reno's geographical position is excellent. It is on the line of the Central Pacific Railroad, only 154 miles from Sacramento, and 244 miles from San Francisco. It is the terminus of the Virginia and Truckee Railroad running south, and of the Nevada and California Railroad running north. It has two Flouring Mills, Planing Mills, three Nurseries, a Soap Factory, Reduction Works, and other industries. A great Woolen Mill and a Sash, Door, Blind and Box Factory, are about to be established.

Reno has the Bank of Nevada with \$300,000 capital, and the First National Bank with \$200,000 capital. It has two fine papers in the DAILY and WEEKLY NEVADA STATE JOURNAL and the Daily and Weekly Gazette.

Reno is the natural home of the Alfalfa, and therefore the great cattle headquarters of the State. Here are fed the prime beef for the California market. Reno potatoes are the best in the world, and she also excels in Strawberries and the small fruits. Reno Wheat took the first prize at the great New Orleans Exposition.

The State Fair is always held at Reno.

Reno is the County Seat of Washoe County, the wealthiest county in Nevada.
